

Giving back to the community

Help us support your local food bank *"Refer a Friend" Program*

We will donate \$10 to your local food bank each time a new patient is referred

We began to support the local food banks in 2013 (donations to date exceed \$50,000) and we are committed to this cause year round. You can help support our efforts by referring your friends to us. A referral is the best compliment you can give and is greatly appreciated. Thank you! For more information or to refer a friend, visit www.KitsapPT.com.
