Physician: **X** _____

Thank you for this referral

Physician referral to physical therapy is NOT a guarantee of benefits. Patients are responsible for verifying their insurance coverage. In making this referral, physician certifies that prescribed rehabilitation is a medical necessity.

Pelvic Health

- Pelvic Pain
- Incontinence (*urinary or fecal*)
- Constipation
- Pelvic Organ Prolapse
- Sexual Dysfunction

In cases where all other medical causes have been ruled out and pharmacologic management, general PT or surgical management has been exhausted or proved ineffective, a referral to pelvic health physical therapist would be a next conservative option for evaluation and treatment. Examples:

- SI Joint (*hip pain*)
- Sciatic pain
- Coccydynia (*tail bone*)
- Lower Back Pain (*1 in 3 women with incontinence or low back pain have a pelvic floor dysfunction*)
- Organ Pain (*pelvic floor dysfunction can often feel like organ pain*)
- Other _____
